SENATE MINUTES

November 12, 1979

1258

1. Introduction of a new member of the Faculty Senate.
2. Remarks by Vice President and Provost Martin.
3. Consultative session with representatives of UNISA. During this session plans for the Course and Teacher Evaluation handbook were presented.

OLD/NEW BUSINESS

4. Report by Chairperson of the Faculty Harrington on the cancellation of the last faculty meeting.
5. Report from the ad hoc committee on Emeritus Status.

DOCKET

6. 252 204 ISU Faculty Council Resolution on Supplemental Salary Appropriations (letter October 10, 1979). Approved motion endorsing this resolution and the October 15, 1979 letter by Professor Elaine Kalmar to Mary Louise Petersen, President of the Board of Regents.
7. 253 205 Amendment to the Bylaws of the University Faculty Senate (letter from John Tarr, 10/15/79). Approved.
8. 254 206 Report from Committee on Admission and Retention (letter 10/12/79). Accepted report and approved the addition of the position of Coordinator of Student Research to the membership of the Committee in an ex officio, non-voting capacity.

The University Faculty Senate was called to order at 3:05 p.m. November 12, 1979, in the Board Room, by Chairperson Tarr.

Present: Abel, J. Alberts, Cawelti, Evenson, Gillette, R. Gish, Hollman, G.A. Hovet, Metcalfe, Schurrer, M.B. Smith, Tarr, TePaske, J.F. Harrington (ex officio)

Alternates: Dotseth for Millar, Bisbey for Thomson

Absent: D. Davis, Geadelmann, Schwarzenbach, D. Smith, Wiederanders

Members of the press were requested to identify themselves. DeEtte Staebell of the Northern Iowan was in attendance.

1. Chairperson Tarr introduced Professor Wayne Evenson who has been elected to the Faculty Senate representing the School of Business.
2. Vice President and Provost Martin rose and addressed the Senate. He indicated that currently UNI does not have a Speakers Bureau, which is commonly found on many college and university campuses. He questioned whether UNI should consider establishing a Speakers Bureau as a clearing house for speakers appearing on campus.

Dr. Martin indicated that the Academic Master Plan Committee may have its report ready by the end of the semester. He indicated that a North Central Steering Committee has been appointed and that he hopes the committee will meet with the Faculty Senate.

3. The Senate had a request for a consultative session with representatives of UNISA. During this session plans for the course and teacher evaluation handbook were presented.

M. B. Smith moved, Cawelti seconded, that the Senate move into consultative session. Motion passed.

M. B. Smith moved, Hollman seconded, that the Senate rise from consultative session. Motion passed.

Chairperson Tarr thanked the representatives from UNISA for their presentation and interest in sharing this information with the Faculty Senate.

Old/New Business

4. Chairperson Tarr asked Chairperson of the Faculty Harrington to speak on the cancellation of the last Faculty meeting. She indicated that due to a death in her immediate family she had been unable to acquire all the information she felt necessary to have a complete discussion of current student assessments which was the planned agenda for that meeting.

5. Report from ad hoc committee on Emeritus Status

Chairperson Tarr indicated that the members of the ad hoc committee had been appointed and are Joyce Alberts, Telford Hollman, and Lyle Schwarzenbach. Senator Alberts indicated that the ad hoc committee would be meeting next week and would report to the Senate at a later date.

Docket

6. 252 204 ISU Faculty Council Resolution on Supplemental Salary Appropriations (letter October 10, 1979).

The Senate had before it the following docket material and correspondence from Senator Millar:

Faculty Council Resolution on
Supplemental Salary Appropriations

It is now obvious that the Consumer Price Index will rise by more than ten percent during 1979. Furthermore, an increase in the neighborhood of ten percent is now generally forecast for the Consumer Price Index for 1980.

The actual rise in the rate of inflation thus far during 1979 and the forecasted rise for the balance of 1979 and for 1980 are considerably higher than was forecasted in early 1979 when the Iowa legislature first undertook the process of determining the budgets of the state institutions for 1979-80 and for 1980-81. Indeed, as a result of the strong surge of inflation during the first nine months of 1979, the Carter Administration's guidelines for wage and salary increased in 1980 have been considerably modified to allow larger salary increases than was previously the case.

Since faculty salary increases have significantly fallen behind the rate of inflation and are expected to continue to fall behind the forecasted 1980 rate of inflation, the Faculty Council of Iowa State University respectfully urges the Board of Regents to request that the Iowa legislature, in its 1980 general session, consider supplemental appropriations for the purpose of increasing the salaries of Board of Regents employees. We believe that a supplemental appropriation would be highly desirable from the standpoint of retaining high quality employees to better serve the citizens of Iowa through the Board of Regents' institutions.

Dear John:

Pursuant to the content of Docket Number 204 (ISU Faculty Council Resolution on Supplemental Salary Appropriations (cf. letter of October 19, 1979)), I would hope the UNI Faculty Senate would consider the following motion at its meeting on Monday, November 12, 1979:

"that for reasons adequately stated in both the ISU Faculty Council Resolution and Professor Kalmar's letter of October 15, 1979 to Mary Louise Petersen (President, Iowa State Board of Regents) be it resolved that the University of Northern Iowa Faculty Senate firmly supports all efforts to secure - through the Board of Regents - additional appropriations from the 1980 Iowa legislature sufficient to raise faculty salaries to that point where all losses due to inflation since 1970 would be recovered."

Thanks very much.

Sincerely,

Michael H. Millar

James Martin, Vice President for Academic Affairs and Provost, UNI

Senator Millar could not be present for the meeting and was represented by his alternate Professor Dotseth who reviewed Senator Millar's letter for the Senate.

Dotseth moved, Schurrer seconded, that the Senate accept the resolution presented in the correspondence from Senator Millar.

Senator Dotseth handed out the following information to the Faculty Senate which shows the amount of salary increases granted and the inflation rates for the period 1970-71 through 1979-80. The document also shows the amount of money that would need to have been appropriated to break even with the inflation rate and the money needed now to catch up to the purchase power levels of 1969-70.

"That for reasons adequately stated in both the ISU Faculty Council Resolution and Professor Kaimar's letter of October 12, 1979 to Mary Louise Petersen (President, Iowa State Board of Regents) be it resolved that the University of Northern Iowa Faculty Senate timely support all efforts to secure - through the Board of Regents - additional appropriations from the 1980 Iowa legislature sufficient to raise faculty salaries to that point where all losses due to inflation since 1970 would be recovered."

Thanks very much.

3. The previous year's rate of inflation, from September 1 to August 31, to the nearest tenth of a percent.
4. The average yearly percent increase, to the nearest tenth of a percent.
5. Salary that would have been needed to regain the previous year's purchasing power, to the nearest \$100.
6. Salary that would have been needed to regain purchasing power of 1969-70, to the nearest \$100.

Senator M. B. Smith questioned the phrase "supports all efforts" and wondered what that may mean and lead to.

M. B. Smith moved, Gish seconded, to amend the motion by adding after "all" the word "reasonable." Senator Hollman stated that he believed this addition to be redundant and should not be considered. Senator M. B. Smith stated he believed the United Faculty effort was not the type of effort he believed to be reasonable. Senator Hollman indicated that for the people picketing their action may well be considered by them as reasonable.

Motion to amend failed on a division of 3 yes, 9 no.

Senator Evenson indicated that he was concerned about the use of the word "all" and that he could not vote in favor of this resolution with that wording. Senator Gish stated that he felt the same way and that if the Senate passed this resolution that they, as a body, would be sanctioning any action and he did not believe the Senate wished to do that.

Metcalf moved, Gillette seconded, to amend by striking the word "all." Motion to amend failed.

Senator M. B. Smith raised the question if this motion would help persuade the Board of Regents to allot more money to the University. Senator Schurrer, citing the concept of moral suasion, stated that she felt the Senate should support this effort and that it is the right of individuals to support their beliefs in a manner of their choosing. Senator Metcalfe indicated he felt the Senate had in mind supporting formal presentations to the Board in an effort to persuade the Board to increase funding for salaries.

Professor Elaine Kalmar rose and addressed the Senate. She indicated she sensed some hesitancy on the part of the Senate relating to United Faculty's decision to appear outside the Administration Building while the Board of Regents is on campus. She pointed out that the United Faculty had sought time to make a presentation to the Board but had been denied, and therefore decided to embark on their present plan of action. She stated that the United Faculty felt that some action had to be taken now while the University budgets were being considered. She indicated that the picketing would be conducted in a very dignified and solemn manner. She cited articles from the bargaining agreement which indicate that the United Faculty is the sole agent of the Faculty. She stated that she felt the Regents would rely solely on the voice of the United Faculty as the bargaining agent in presentations to the Board. Professor Kalmar indicated she actively supports cooperation between the Faculty Senate and the United Faculty.

Chairperson of the Faculty Harrington inquired if in the language of the motion, "firmly supports" meant support of the bargaining agent or if it implied that the Senate was speaking as another group. Professor Kalmar responded that she did not believe that she could speak to the intentions of Senator Millar's correspondence.

Senator Gish indicated that he supported the motion and the letter from Professor Kalmar dated October 15, 1979, to the President of the Board of Regents, Mary Louise Petersen, but that he opposed the use of the phrase "all efforts." He stated that it may be better for the Senate to support the ISU resolution and Professor Kalmar's letter and not the motion currently before the Senate.

Senator M. B. Smith moved, Metcalfe seconded, to table the motion. On a division of 7 yes, 6 no, the motion to table passed.

TePaske moved, M. B. Smith seconded, that the Senate endorse the ISU resolution and letter from Professor Kalmar to the President of the Board of Regents, Mary Louise Petersen, dated October 15, 1979.

Senator M. B. Smith indicated he believed this motion would solve the problem the Senate had arrived at and state what the Senate wished to say. Senator Gillette inquired if the intent was to convey this endorsement to the Board of Regents. Senator TePaske indicated that was his intent. Professor Kalmar indicated that the United Faculty would appreciate the Senate's endorsement of the letter to the Board of Regents, dated October 15, 1979.

Question on the motion was called. The motion passed without dissent.

7. 253 205 Amendment to the Bylaws of the University Faculty Senate (letter from John Tarr, 10/15/79).

The Senate had before it the following correspondence:

RE: Amendment to the Bylaws of the University Faculty
Senate.

The Bylaws of the University Faculty Senate may be amended by a two-thirds vote of the Senate.

At the present time the Bylaws do not agree with the recently amended Constitution of the Faculty of the University of Northern Iowa.

Therefore I propose to amend Section 2 Membership of the Bylaws by replacing "eighteen" with "twenty-one."

The effect of this amendment would be to enlarge the membership of the Senate by three members and put the Bylaws in conformity with the Constitution.

Harrington moved, M. B. Smith seconded, to amend Section 2, Membership, of the Bylaws by replacing "eighteen" with "twenty-one." Motion passed.

8. 254 206 Report from Committee on Admission and Retention (letter 10/12/79).

The Senate had before it the following report:

RE: Annual Report of the Committee on Admission and Retention

DATE: October 12, 1979

The Committee on Admission and Retention reviews student academic progress and applications for readmission. The attached statistical report indicates the actions taken by the Committee during 1978.

The Committee eliminated the awarding of deferred-special suspensions. The awarding of 7C, 7K, and 9K codes was discontinued as of May 11, 1979. Students in this category were eligible for immediate readmission pending the approval of the EOP and/or Counseling Center and the establishment of an academic master plan. This category was eliminated due to the marginal success rate of the students involved.

The Committee has embarked upon creation of an academic advisory program for marginal students. It was felt that efforts should be focused on helping the student at their point of entry to the university and not after the student has amassed deficient coursework. The Committee is continuing to work on this program and hopes to have it operational with the Fall semester 1980.

The Committee wishes to secure your approval to add to our membership, as an ex officio member, the Coordinator of Student Research. Material generated by that office is very helpful to the Committee in its policy determination. We believe the Committee and the Coordinator would mutually profit by his/her inclusion. Therefore we request that the Coordinator of Student Research position be added in an ex officio, non-voting capacity to the membership of the Committee on Admission and Retention.

We are available to discuss this report and committee activities at your call. We therefore submit this Annual Report of the Committee on Admission and Retention for your review.

COMMITTEE ON ADMISSION AND RETENTION

Explanation of Tables

Table I

Indefinite suspension is for no specific period, but readmission is not usually granted before the student has been out of college for at least one academic semester. Students under academic suspension must apply for readmission. Some students are permitted immediate readmission provided they make arrangements for counseling at the Student Counseling Service and/or Educational Opportunity Program Office. All percents refer to the total undergraduate student body.

Read the first line like this: In the fall semester, 1968, 3.1% of the student body began the semester on a warning, at the end of which 1.1% had the warning cancelled, 1.3% had it continued, and enough more received warnings to bring the total at the end of the semester to 7.1%. Read the probations in the same way.

Table II

Grade indices are expressed in quartiles for each undergraduate classification and for all undergraduates.

Table III and IV

These tables are from a persistence study prepared by the Regents' Universities July 1, 1977, on the 1970-71 entering class of undergraduates. A comparison is made to a similar study completed on the 1965-66 entering class of undergraduates.

The current UNI retention standards were approved between 1965-66 and 1970-71.

Table V

This table shows the actual number of students placed into the warning, probation and suspension categories for 1978. The awarding of 7C, 7K, and 9K categories was discontinued as of May 11, 1979.
